

Name _____

FRACTIONS CONVERTER

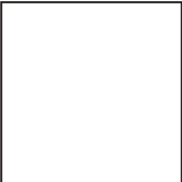

Draw and write the common fraction, then write as a decimal fraction and place it on the number line.

1)

 $\frac{\quad}{\quad} = \frac{\quad}{\quad}$
 $\frac{\quad}{\quad}$

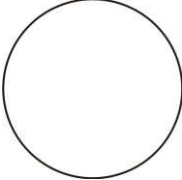

0 |-----| 1

2)

 $\frac{\quad}{\quad} = \frac{\quad}{\quad}$
 $\frac{\quad}{\quad}$

0 |-----| 1

3)

 $\frac{\quad}{\quad} = \frac{\quad}{\quad}$
 $\frac{\quad}{\quad}$

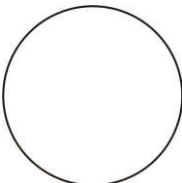

0 |-----| 1

4)

 $\frac{\quad}{\quad} = \frac{\quad}{\quad}$
 $\frac{\quad}{\quad}$

0 |-----| 1

5)

 $\frac{\quad}{\quad} = \frac{\quad}{\quad}$
 $\frac{\quad}{\quad}$

0 |-----| 1

Teaching suggestion: enter fractions to be converted before duplicating

These worksheets are part of the Professor Pete's Gadgets: *Fractions Converter* eBook.
