

Classroom Professor Gadgets: Number Facts

This program is designed to help students learn their number facts in an efficient and meaningful way. Strategies help link known facts to other facts and reduces the number of facts to be memorised.

Main Interface

Options: addition or multiplication; x10 or x12

Highlights row

Highlights column

Intersection shows answer

Number Fact Families

Labels: Hide or displays number fact families or strategy

Number Fact Strategies toggles through various strategies and highlights relevant facts

X	0	1	2	3	4	5	6	7	8	9	10	11	12
0	0	0	0	0	0	0	0	0	0	0	0	0	0
