Addition flash cards

Print and cut out
each card for a few
minutes.

Flashcards with answers:

- Have a student read the equation aloud.
- Note: Turn the card over to check the answer.
 - ◊ Show $4 + 3$ and if students are hesitant, ask students "What is $3 + 3$?.. So what is $4 + 3$?..."
- Have a student give a related subtraction fact.
 - ◊ e.g. " $7 - 4 = 3$ " or " $7 - 3 = 4$ "

Flashcards without answers:

- Have all students say each number fact as it is shown, **adding** the answer.
- Have individual students respond with the answer. Make it a speed test.
- Have two or three students race to be the first to respond with the correct answer.
- Note: These are the hardest set of addition facts. Relate these to the doubles facts.
 - ◊ Show $4 + 3$ and if students are hesitant, ask students "What is $3 + 3$?.. So what is $4 + 3$?..."
- Have a student give a related subtraction fact.
 - ◊ e.g. " $7 - 4 = 3$ " or " $7 - 3 = 4$ "
- Tell stories about the addition fact e.g. "One child had 4 cupcakes. Another child had 3 cupcakes. How many cupcakes were there altogether?"

$$1 + 0 = 1$$
