

1. **Skip counting** with the Easy Place Value Gadget, focusing on numbers that are not multiples of 5:

- **Select** materials of choice; e.g., bundling sticks
- **Select "5"**. Click on the "1" button. Select "5"
- Enter 32
- Click the "+ Ones" button: 37

- When the next 5 is added, there will be 12 ones in the Ones place. Ten of these ones will animate showing the grouping of 10 ones, and two ones will be left behind.

- **Ask:** "How many ones are there?"
- If students struggle, go back to the chart.

  
**This is a**

2. **Note** the number of ones.

- For example, 37 has 7 ones.
- **Ask:** "How many ones are there?"
- Change the number of ones.

3. **Skip counting**

- Proceed to the next number.
- When students are proficient at skip counting forwards and backwards, turn the animations off so that the fluidity of counting is not interrupted.

4. **Practise** counting daily with different materials on-screen

- Complete worksheet 3
