

Reading and Writing Number Names

This requires focusing on writing the number as it is spoken: e.g., “fifty-eight”.

We recommend that two-digit number names include a hyphen between the tens and ones.

1. There are relatively few new spelling words to learn

- Point out to students the words they should already know.

zero	five	ten	fifteen
one	six	eleven	sixteen
two	seven	twelve	seventeen
three			
four
