## Using This Pretest

**Welcome** to this pretest for students commencing Year 5.

This test is designed to assess how well students have understood the contents of the Australian Curriculum—Mathematics (ACARA, 2010 to present) for Year 4.

The Pretest is designed to be given to the entire class as a written test.

Read the questions to students if necessary: this is a test of mathematical knowledge, not of reading ability.

### Written pretest

All strands in the curriculum are assessed: Number and Algebra, Measurement and Geometry, and Statistics and Probability.
